Projects

longcao2000.netlify.app – React, JavaScript, JSX, HTML/CSS

- Developed a portfolio website to showcase personal projects, skills, and resume/CV.
- Included animations with images, descriptions, and links to enhance user experience.
- Implemented a project gallery with contact form or link to connect with visitors

Chat Application – Node.js, Express.js, Socket.io, HTML/CSS, JavaScript, MongoDB

- Created a real-time chat application, incorporating private and group messages, user authentication, dynamic UI, and MongoDB database.
- Contained console log to track user connection/disconnection, session middleware to manage user sessions, and logout functionality.

Weather Application – HTML/CSS, JavaScript

- Developed a weather app that utilizes the user's geolocation to retrieve and display weather data for a number of days.
- Demonstrated the ability to transition between various locales and display weather visually.

Experience

Dishwasher/Food Prep

Minami Toronto, Toronto   Oct 2021 – Feb 2022

Ajisen Rame, Vaughan   Jun 2022 – Aug 2022

- Demonstrated the ability to work independently while being an adaptable team player by helping co-workers during rush hours and peak times.
- Aided the managers in analyzing and developing creative and sustainable alternatives to incorporate to the restaurant, such as seeking new members, providing insights for future improvements, etc.
- Collaborated with co-workers to produce some of the restaurant's most popular menu options.
- Exemplified attention to detail through food prepping, kitchen cleaning, and dishwashing.

Tutor

2018 – 2019

Woodbridge College, Vaughan

- Effectively communicated Math and English concepts to students from grade 9 to 12.
- Documented individual reports to monitor student progress and improvements.
- Developed action plans and worksheets based on student & educator academic goals.

Skills

Co-Op Software Engineer

[Company Name]

[Recipient Street Address]

Hamilton, ON

D E A R   [C O M P A N Y   N A M E] ,

Are you looking for a developer, with:

- 3 years of college/university degree in programming at George Brown College?
- Knowledge of the latest technology in software development/mobile application?
- Excellent written and oral communication skills?
- A passion for learning and improving his skills?
- Amazing work ethic, following protocols precisely, able to work independently yet still team-oriented?
- Commit to serving everyone with dignity and empathy?
- Pursuing bachelor's degree in Software Engineering Co-Op at McMaster University for 2 years.

If so, then you need to look no further. My enclosed resume shows that I meet all of these qualifications and more.

I would very much like to discuss opportunities with you. To schedule an interview, please call me at (437) 971-5421. The best time to reach me is between 09: 00 AM and 18:00 PM, but please feel free to leave a voice message at any time, and I will return your call.

Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,
Long Cao
